What inspired you to choose this path/career?

"If I have to be honest, I wanted to be a doctor since I was a kid, but when I was in year 10, doing Triple Science and not doing as well I changed my mind. The main reason for choosing law is because you can do everything with a law degree. Plus, I have always aspired to help people and a lawyer's job is to advocate people and to give them a voice (which is what I want to do)"

What is your best revision/study tip?

"Start early, have more than one technique. Set revision goals and reward yourself when you've achieved it. Have enough meals and sleep as well :)"

What is the one piece of advice you would give to current Venture Students?

"Try and enjoy Venture as much as possible. It sounds clichè but once you leave Venture you will actually miss it loads."

Think you can, think you can't, either way
you're right!
