CURRICULUM MAP 2025 - 2026

	Week Commencing	1st September	8th September	15th September	22nd September	29th September	6th October	13th October	20th October
Autumn 1	Focus	Respond to personalised feedback linking to assessment objectives to develop coursework project further.	Complete additional photoshoot linking to first photographer - developing on skills from previous shoot linking to Transformations.	Experimental digital editing workshops - exploring the style of chosen artist, experimenting with different manual editing techniques linking to research.	Complete refinements - editing images, critically analysing each and improving your techniques and connection with chosen photographer and theme.	Selection of second photographer/artist, formal elements breakdown and critical analysis.	Complete photoshoot linking to second photographer - developing on skills from previous shoot linking to Transformations.	Experimental physical editing workshops - exploring the style of chosen artist, experimenting with different manual editing techniques linking to research.	Complete refinements - editing images, critically analysing each and improving your techniques and connection with chosen photographer and theme.
	Extended Learning	Wider reading - Careers in Photography - Wildlife Photography.	Complete photoshoot linking to chosen photographer and theme.	Complete annotations and critical analysis ensure you are using key words and sentences starters.	Photographer research - explore a variety of photographers that link to theme.	Add to your physical editing techniques mind map and image bank.	Complete annotations and critical analysis for your physical editing techniques.	Complete annotations and critical analysis for your physical editing techniques.	Complete photoshoot linking to chosen photographer and theme.
	Benchmark Task								
	Enrichment, Careers & Trips	After school club every week. Careers in Photography - Wildlife Photography.							
	Week Commencing	3rd November	10th November	17th November	24th November	1st December	8th December	15th December	
Autumn 2	Focus	Plan and complete next photoshoot linking to theme, combining ideas from both photographers, developing from initial photoshoots.	Experimental digital editing - exploring the style of chosen artist, experimenting with different digital editing techniques linking to research.	Complete refinements - editing images, critically analysing each and improving your techniques and connection with chosen photographer and theme.	Respond to personalised feedback linking to assessment objectives to develop coursework project further.	Final piece mind map, research and drawings completed. Plan and complete final piece photoshoot linking chosen theme and photographers together.	Preparing for exam, planning final outcomes/photoshoots. Photoshoot experiments linking to final outcome.	Mock exam week.	
	Extended Learning	Wider reading - Careers in Photography - Fine Art Photographer. Complete photoshoot linking to most recent photographer research and theme.	Research different editing techniques - exploring professional editing techniques.	Research different editing techniques - exploring professional editing techniques.	Complete annotations and critical analysis ensure you are using key words and sentences starters.	Complete photoshoot linking photographers and research together to prepare for exam.	Complete mock exam plan ensure your outcome links to your theme and chosen photographers work.	Complete photoshoot linking photographers and research together to prepare for exam.	
	Benchmark Task								
	Enrichment, Careers & Trips	After school club every week. Careers in Photography - Fine Art Photographer.							
	Week Commencing	5th January	12th January	19th January	26th January	2nd February	9th February		
Spring 1	Focus	Introduction to the externally set assessment and exam booklet. Selection of exam title, initial research, mind maps and statement of intent.	Selection of first photographer, analysis, plan and complete initial photoshoot.	Photoshoot experimentation - exploring the style of chosen artist experiment with different editing techniques linking to your chosen exam title.	Complete refinements - editing images, critically analysing each and improving your techniques and connection with chosen photographer and theme.	Introduction of second artist, analysis, plan and complete second photoshoot.	Photoshoot experimentation - exploring the style of chosen artist experiment with different editing techniques linking to your chosen exam title.		
	Extended Learning	Research chosen theme in detail, add to mind map, image back and statement of intent. Wider reading - Careers in Photography - Commercial Photographer.	Photographer research - explore a variety of photographers that link to theme.	Complete annotations and critical analysis ensure you are using key words and sentences starters.	Complete annotations and critical analysis ensure you are using key words and sentences starters.	Photographer research - explore a variety of photographers that link to theme.
