Monday - Friday - Raising Achievement (Senior Year) - RA			

These clubs are in addition to the extensive lunchtime activities in operation (including dodgeball, basketball, playground games, movie club, reading, well being and career talks) the Academic Tutoring programme the Academy facilitates for selected students and the comprehensive Guild Programme (Wednesday's period 5) run to broaden horizons and extend knowledge. Guild offers include chess, sports, arts and cultural opportunities. There are also regular College Clash competitions to get involved in. Activities with a * are invite only.

Societies - If you have an idea for a club or activity you would like to see at the Academy, students can run their own societies! Come and see Mr McNally for further information.
